

# e-Factoring

**Increase the liquidity of your company** with Banreservas e-Factoring that offers all the facilities so that our clients can negotiate the purchase and sale of invoices online.

The modern electronic platform for invoice discount grants our clients the possibility of carrying out factoring operations according to the company's needs.

## Benefits

- A sales growth opportunity due to the possibility of offering more competitive terms and conditions
- Access to a flexible and constant source of working capital, improving the cash flow
- Possibility of offering clients open-account terms, granting formal commercial credit, between 30 and 90 days
- Credit loss coverage, once the invoice has been issued and accepted
- Administrative costs and processing time are reduced by using digital signatures
